HENDERSON'S WHOLESALE CATALOGUE FOR Market Gardeners and Florists

AUTUMN 1921 EDITION

We Make a Specialty of Superior Types and Strains of
Vegetable and Flower Seeds for Market Gardeners,
Truck Farmers and Florists.

The engraving shows a
load of superior vegetables
grown by Mr. J. Hostettler,
Nashville, Tenn., from
Henderson's Tested Seeds.

PETER HENDERSON & CO., 35 and 37 Cortlandt Street, NEW YORK

We Deliver Free in the United States and possessions by Parcel Post or Express to any Express Office at Our Option

ALL VEGETABLE AND FLOWER SEEDS BY THE PACKET, OUNCE AND $\frac{1}{4}$ -POUND.

Purchasers Pay Transportation on Half-Pounds, Pounds, Quarts, Half-Pecks, Pecks and Bushels. Also on Requisites, Fertilizers and Insecticides.

IF GOODS ARE WANTED BY PARCEL POST, POSTAGE MUST BE ADDED AS PER TABLE BELOW, EXCEPT FOR THOSE QUANTITIES OF SEEDS WE OFFER TO DELIVER FREE,

BEANS, PEAS AND CORN WEIGH (POSTAL WEIGHT) TWO POUNDS PER QUART.

TO OFFSET THE GREAT ADVANCES IN FREIGHT AND EXPRESS RATES WE MAKE THIS SPECIAL OFFER

IF your seed order amounts to **TEN DOLLARS** or more and at least **HALF** the value is in small seeds, such as Cabbage, Cucumber, Lettuce, Onion, Radish, Spinach, Tomato, Turnip, &c. &c. **WE WILL PAY THE DELIVERY CHARGES TO ANY FREIGHT EXPRESS OR POST OFFICE IN THE UNITED STATES** (*by freight, express or parcel post at our option*). The remainder of the order may be for heavy seeds such as Beans, Corn, Peas &c.:

AS A FURTHER INDUCEMENT TO CUSTOMERS whose own order may not amount to ten dollars: we offer them the privilege of combining with some neighbor and sending us a joint order amounting to ten dollars or more, so that **BOTH** may obtain **FREE DELIVERY OF THEIR SEEDS**. We will ship the goods to the party sending the remittance which must accompany the order, but both names should be sent in so that each may get a catalogue.

WHEN SEEDS ARE DESIRED BY MAIL postage must be added according to zone rates on page 2 of Cover. "Peas Beans and Corn, weigh (Postal weight) two pounds per quart. Packets, ounces and quarter pounds are mailed free.

Half pounds supplied at pound rates; half peck at peck rates; half bushels at bushel rates. We allow 25% off packet prices, but prices of all other quantities are net.

PARCEL POST RATES, ETC.

From the **4th to 8th Zone** packages Weighing **10 lbs. or More** Usually Go Cheaper by Express. (Poisons and Fluids cannot be sent by mail).

| | |
|-----------|--|
| 1st Zone: | 5c for the first pound, 1c for each additional lb. |
| 2nd Zone: | 5c for the first pound, 1c for each additional lb. |
| 3rd Zone: | 6c for the first pound, 2c for each additional lb. |
| 4th Zone: | 7c for the first pound, 4c for each additional lb. |
| 5th Zone: | 8c for the first pound, 6c for each additional lb. |
| 6th Zone: | 9c for the first pound, 8c for each additional lb. |
| 7th Zone: | 11c for the first pound, 10c for each additional lb. |
| 8th Zone: | 12c for each pound. |

Parcel Post packages must not exceed 70 pounds in weight for the first three zones, and 30 pounds for the other zones, and the size limit is eighty-four(84) inches for combined length and largest girth. In this catalogue we give the weight packed up to ten (10) pounds on Implements, Insecticides and Fertilizers.

Packages weighing 8 ounces or less are mailable at the rate of 1c for every two ounces, regardless of distance; if weight is more than 8 ounces the pound rate applies.

THE PARCEL POST ZONE OF EACH STATE

Is printed on the envelope containing this catalogue, or your local postmaster will tell you what zone you live in reckoned from New York. In this catalogue we have given the packed weight for Parcel Post of tools, accessories, odorless fertilizers, insecticides and fungicides so that extra for postage must be remitted according to Zone distances. In most instances the charge by freight and express on weights exceeding 10 lbs. will be found more economical, hence we only give weights up to 10 lbs. Note that Poisons and Fluids cannot be mailed.

INTERNATIONAL PARCEL POST—We forward Seeds to any postoffice in foreign countries by International Parcel Post when mail routes are open. Full details in our "INTERNATIONAL PARCEL POST CIRCULAR" mailed on application.

Domestic Parcel Post rates apply to Alaska, the Canal Zone, Guam, Hawaii, Porto Rico and the Philippine Islands.

BUSINESS RULES AND PROCEDURE.

PRICES IN THIS CATALOGUE CANCEL ALL PRICE LISTS PREVIOUSLY ISSUED BY US.

THE PRICES QUOTED HEREIN ARE SUBJECT TO ADVANCE WITHOUT NOTICE.

WE DO NOT SUPPLY DEALERS, therefore our seeds, etc., can only be procured by sending orders direct to us.

ALL GOODS IN THIS CATALOGUE are offered subject to being unsold on receipt of order, and the prices quoted are subject to change without notice.

ADVANCE ORDERS, CONDITIONS OF ACCEPTANCE. All advance orders, for growing crops, are booked by us previous to harvesting and receipt—subject to crops permitting—and accidents or delays beyond our control. Should shortages necessitate it, we reserve the right to fill such orders pro rata.

WE WILL SUPPLY half a pound at pound rates; half pecks at peck rates; half bushels at bushel rates.

THE PRICES QUOTED IN THIS CATALOGUE ARE NET, except we furnish Market Gardeners and Florists for their own planting, our retail packets of Vegetable and Flower Seeds at 25% off. All other quantities (other than packets) are priced net. We offer no premiums, discounts or gratuities.

REMITTANCES should be made by Express Money Order, P. O. Money Order, Bank Draft or Registered Letter. We must decline sending goods C. O. D. unless 25% of their value accompanies the order.

ACCOUNTS—Parties having no account with us—who order goods without remittance—must furnish satisfactory reference. New York City reference preferred on account of the shorter delay pending investigation.

WE FORWARD AS CUSTOMER DIRECTS by express, freight, steamer or mail. When no shipping instructions are given we send according to our judgment. Some seeds, etc., we deliver free in the U. S., but on other seeds and goods purchaser pays, or allows, transportation charges when prepaid (see details at top of this page.)

WE MAKE NO CHARGE FOR SHIPPING AND CARTING of goods to any railroad station, steamship line or express office in New York City proper.

WE MAKE NO CHARGE FOR PACKING, except special for foreign shipments, as tin-lined cases, double sacks, etc., then we charge cost. Cloth bags we charge for, viz.; $\frac{1}{2}$ peck, 10c.; 1 peck, 15c.; $\frac{1}{2}$ bushel, 20c.; 1 bushel, 30c.; 2 bushels, 50c. Burlap bags, 1 peck, 10c.; $\frac{1}{2}$ bushel, 15c.; 1 bushel, 20c.; 2 bushels, 25c.; 4 bushels, 30c.; 6 bushels, 35c.; 8 bushels, 40c. No charge for bags with lawn grass mixtures.

CANADIAN ORDERS—Vegetable and Flower Seeds in packets and ounces we mail into Canada, postage paid, but for other quantities and goods add 12c. per pound extra for postage, and to Beans, Corn and Peas, 12c. per pint. Limit of weight is 4 lbs., 6 oz. for each package. This is rated as a 5 lb. package costing 60c. for postage. We can also ship to Canada by express or freight, customer paying the transportation charges and assuming any import duties.

TESTIMONIALS FROM CUSTOMERS—We are always pleased to hear from our customers regarding results. We appreciate the thousands of unsolicited testimonies we receive annually and are glad to publish as many as space will permit. Photographs of gardens and particularly of individual vegetables, flowers or fruits are always very gladly received by us.

PETER HENDERSON & CO. give no warranty, express or implied as to description, quality, productiveness, or any other matter of any seeds, bulbs or roots they send out, and they will not be in any way responsible for the crop. If the purchaser does not accept the goods on these terms they are at once to be returned.

HENDERSON'S SPECIALTIES IN VEGETABLE SEEDS FOR MARKET GARDENERS

Henderson's BLACK VALENTINE BEAN

Ready for picking in 45 days from planting. Yields prodigiously. Full, round, meaty pods of unsurpassed quality.

Since we introduced this Bean it has been used very extensively by the largest planters. In the South it is grown in enormous quantities for shipment to the Northern Markets, and it has become equally popular for growing on smaller areas. In some respects it excels all other varieties; there is none that bears so heavy a crop, and none which presents a more salable appearance after long shipping. Moreover, the crop is produced so quickly and the pods mature so uniformly, that the entire crop can be gathered at one picking, a few weeks after planting which is, of course, a great saving of labor.

It should be picked as soon as the Beans have attained their full size; as they are liable to develop more string than some sorts. The pods are very long, almost round, pale green in color, and are always most attractive in appearance. (See engraving.)

Price, 35c. qt., \$2.20 peck, \$8.00 bush.

"The Black Valentine Beans were a marvel of uniform maturity and earliness. As good seed is of vital importance to my success and as I have been dealing some years with you the best word in my vocabulary I am glad to say in your favor."

A. O. HALLORAN, Lynchburg, Va.

"I have tested all varieties of good beans but find the Black Valentine best for early planting. It will stand cold wet weather, is the earliest of finest quality, easiest to pick, and the most productive bean on the market today."

S. E. THURTON, New Canaan, Conn.

EDMAND'S BEET.

A handsome, uniform, round, turnip-shaped beet, very smooth and of good size: tops small, flesh red and of excellent quality; fine for late. The stock is selected and of fine shape and good color. Price, 10c. oz., 30c. $\frac{1}{4}$ lb., \$1.00 lb.

ECLIPSE BEET.

One of the best to follow after the very early sorts. When young it may be bunched, but it is also used as a basket beet, and is known and sells freely on every market. It is medium in size, the tops small for size of root, the outer color is dark and the flesh strongly ringed in two shades of red. Price, 10c. oz., 25c. $\frac{1}{4}$ lb., 80c. lb.

DETROIT DARK RED BEET.

We have an excellent selection of this well known variety, which has become so popular among market gardeners. Its great value lies in its remarkable uniformity in size and color, which shows to great advantage when marketed in the basket. It is sometimes used for bunching, but sells best when used as a basket beet. It is one of the best for fall crop, or to store for the winter market.

The outer color is dark, the roots are smooth, and very uniform in shape. The flesh is of good color and of excellent quality. The tops are medium in size, rather dark in color, and the whole plant quite vigorous. Price, 10c. oz., 30c. $\frac{1}{4}$ lb., \$1.00 lb.

Henderson's Special CROSBY'S EGYPTIAN BEET.

One of the best for the first open ground crop. The tops are medium in size, the root round and slightly flattened. The flesh is strongly marked in two shades of red. It bunches well, and is of good quality. This variety produces a proportion of pale fleshed roots. These have lighter colored tops and so may be easily taken out when thinning. (see engraving). Price, 15c. oz., 40c. $\frac{1}{4}$ lb., \$1.25 lb.

HENDERSON'S
SUCCESSION

HENDERSON'S SUCCESSION CABBAGE.

THE MOST DEPENDABLE CABBAGE GROWN.

ABSOLUTELY PERFECT IN EVERY RESPECT.

FOR EITHER SUMMER OR WINTER USE,
THE MOST RELIABLE CABBAGE EVER RAISED.

HENDERSON'S SUCCESSION CABBAGE we consider one of our most valuable contributions to horticulture. It may be classed as a second early variety, coming in a few days later than Early Summer, but it is immeasurably superior to that variety; it is nearly double the size and is absolutely true to its type under all conditions. In addition to this, it has no tendency whatever to run to seed under normal conditions. We can say without exaggeration that *it is the finest cabbage in existence* to-day; whether for medium early, main crop or late use it has no equal. It is so finely bred and so true to type that in a field of twenty acres every head appears alike.

We can recommend it either for the market gardener, trucker or private planter, as it is a perfect cabbage in every respect, not only being of the largest size, but of handsome color and of the finest quality. Our stocks of cabbage of all varieties have for years been the acknowledged standard of excellence in this country, and when we state that we consider Succession to be the most valuable variety that we have ever introduced our opinion of its great merit will be apparent to all. (See engraving.) Prices, 65c. oz., \$2.25 $\frac{1}{4}$ lb., \$8.00 lb.

A MONEY MAKER FOR THE TRUCKER.

Unsolicited Testimonials Selected from Thousands Sent.

"Along with our order we are sending a photo of one of our fields of Henderson's Succession Cabbage, which gave us a wonderful crop. We sold them at \$15.00 per hundred wholesale."

WM. A. HARLAN & SONS, Fallston, Md.

"I wish to say that we had excellent returns from the seeds we purchased from you in 1920. My Succession Cabbage sold at sight, right here at the door."

GEORGE F. MERZ, Cornwall Bridge, Conn.

"Let me say that Henderson's Succession Cabbage is a wonder. There is none such."

W. G. DAVENPORT, Massaponack, Va.

"We always get our Cabbage seed from you. We think there is none better than Succession."

FRANKLIN D. FOOTE, Conesus, N. Y.

"I used your cabbage seed for the first time last year. The Succession Cabbage were simply great, hundreds of heads weighing 15 and 20 pounds, and one that I potted a little for show purposes weighed 29 $\frac{1}{2}$ pounds."

B. H. DORWIN, Bainbridge, N. Y.

"Henderson's Succession Cabbage Seed I find is the best variety I have ever planted."

A. J. HAWSEY, Clinton, Ia.

"Enclosed you will find photos of my field of Henderson's Succession Cabbage. They are particularly good this year, and I have the biggest crop I ever raised."

GUS A. MORTON, Williston, Fla.

"The year before we had a beautiful lot of Henderson's Succession Cabbage, and took first prize at the exhibition. Some of the heads were immense."

Jan. 18. H. N. ARNOLD, Calais Me.

NOTE.—This peerless variety is so well known and so much sought after, that many firms are offering a "SUCCESSION" CABBAGE. We have tested many of these and find some entirely untrue and others of inferior strain. Be sure to get our highly bred and selected, genuine type, which is procurable only direct from us.—PETER HENDERSON & CO.

Henderson's Original Early Jersey Wakefield.

THE BEST FIRST EARLY CABBAGE

This Cabbage, though introduced years ago by the late Peter Henderson still holds its undisputed lead as the best extra early variety in cultivation, and is more largely grown than all other **First Early** Cabbages combined. It is the good old reliable, always depended upon for its uniformity in earliness and crop. It has a good sized head for so early a variety and the small outside leaves allow it to be closely planted. We have the original stock, well selected, and it has no equal. (See engraving.) Price, 50c. oz., \$1.50 $\frac{1}{4}$ lb., \$5.00 lb.

"Had Peter Henderson done nothing else but introduce the Early Jersey Wakefield Cabbage, it would be a lasting monument to his name. No better variety is in cultivation to-day among the early kinds."—COUNTRY GENTLEMAN.

"Lester Bros. of Des Moines, Iowa, had the best Cabbage for summer use grown from your seed that I ever saw. Look up their last year's orders, and send me the same amount and kind of Cabbage they ordered of you last year. I want some of the same kind of seed (it was Early Jersey Wakefield)."

JAMES HETHERSHOW, Des Moines, Iowa.

Henderson's Charleston or Large Wakefield.

THE BEST LARGE EARLY CABBAGE

Several years ago, our customers requested us to procure for them, if possible, a Cabbage which had all the characteristics of the Early Jersey Wakefield, but of greater size. With this in view, we carefully selected from one of our best stocks of Wakefield a larger type, which is so fixed in its character that it is now largely grown by those desiring a Cabbage of this kind. This selection will average about 50 per cent larger in size than the old type of Wakefield, and is only a few days later. (See engraving.) Price, 50c. oz., \$1.50 $\frac{1}{4}$ lb., \$5.00 lb.

Henderson's Early Summer Cabbage.

THE BEST SECOND EARLY CABBAGE

This peerless variety was named and introduced by us years ago; it is widely known and largely grown. It forms large flat, round solid heads, weighing usually 8 to 10 lbs. each, though with rich cultivation it often gives 10 to 12 lbs. heads. The quality is excellent, tender and crisp. It comes in about ten days later than Early Jersey Wakefield, but is much larger in size. We exercise the greatest care every year in breeding and selecting this variety for seed purposes, so that Henderson's Early Summer of to-day will be found a far better sort than when we originally offered it. Price, 50c. oz., \$1.50 $\frac{1}{4}$ lb., \$5.00 lb.

New Early Market Cabbage. THE BEST EARLY ROUND-HEADED CABBAGE

This Danish production represents the highest achievement in Cabbage breeding, and is the best early *round-headed* Cabbage we have ever grown or seen. In uniformity to type and evenness in early maturing it is a marvel. Every row and every head in a row look as nearly alike as if all had been turned out of a mold. Its evenness in maturing will in itself prove a recommendation to our customers as they will easily see the great importance of being able to clear off the ground at one cutting, especially where room is required for a second crop. The plants are of compact stocky growth, short-stemmed with small in-folding outer leaves enclosing large solid ball-shaped heads which average about ten pounds in weight, and are of the finest quality, smooth with fine veins and small core. **New Early Market Cabbage** is but three or four days later than our Early Wakefield. Can be planted as close as Early Spring (21 inches apart) and will yield a greater crop per acre than any other early Cabbage of which we know. For marketing we predict this Cabbage has a great future. Its remarkably fine quality and tenderness whether cooked or sliced for slaw or salad will win friends wherever tried, and its handsome salable appearance and uniformity in maturing the crop will cause it to be in great demand. Price, 65c. oz., \$2.25 $\frac{1}{4}$ lb., \$8.00 lb.

American Drumhead Savoy.

THE BEST FLAVORED OF ALL CABBAGES

The Savoy Cabbages differ from all others in the peculiar crumpled character of the leaves. This is caused by a more rapid growth of the parts of the leaf between the veins, and as this is the tenderest part of the leaf, the reason for its good quality is apparent. This characteristic is maintained even in the younger leaves.

Although excellent at any season of its growth, the Savoy Cabbage is never at its best until touched by frost, and for this reason should be used only as a fall or early winter crop. In the latitude of New York the best results are obtained from crops raised from seed sown in June. American Drumhead Savoy is, in our opinion, the best variety grown. Price, 55c. oz., \$1.75 $\frac{1}{4}$ lb., \$6.00 lb.

"Your Drumhead Savoy Cabbage was the finest I ever raised. 12 to 15 heads fill a barrel."

H. S. BECKER, R. F. D. 2, Bristol, Pa.

"Think your seeds the best we ever planted. Our Cabbage last year was splendid, all headed fine which surprised us, as we were told that the seasons were so short here that we would not have any Cabbage at all. We were pleased to sell Cabbage to the same ones who said it."

Mrs. GRACE JENSEN, Island Pond, Vt.

Chantenay Half-Long Scarlet Carrot.

A short, thick, stump-rooted sort of handsome shape, very productive and of fine quality. It is very largely grown for bunching and as an early basket sort. It is remarkably even in shape and size; no sort equals it in this respect. For medium early and main crop it is unexcelled. It is not recommended for winter storing. Price, 10c. oz., 25c. $\frac{1}{4}$ lb., 80c. lb.

Henderson's Selected Danvers Carrot.

A handsome, half-long stump-rooted Carrot of good size and of a rich dark orange color; it grows to a large size, is smooth and the flesh very close in texture with very little core and a small tap-root. It is a first class Carrot for all soils, under good cultivation it has yielded 25 to 30 tons per acre with the smallest length of root of any now grown, and is more easily harvested than long Carrots. Our selected stock is especially grown for market gardeners, to whom it gives the best satisfaction. (See engraving.) Price, 10c. oz., 25c. $\frac{1}{4}$ lb., 80c. lb.

HENDERSON'S SNOWBALL CAULIFLOWER.

Planters in Every Clime Grow Henderson's Snowball Cauliflower
And receive topmost prices for the product.

No seed crop is grown with greater care than Henderson's Snowball Cauliflower. The result has been just as satisfactory to us as to our customers, as during our entire experience, it has never failed to come up to its high standard, nor have we ever received a well founded complaint regarding the quality of the stock. On the contrary, we are continually receiving letters testifying to its general excellence.

The constant and ever increasing demand for our own genuine stock, coming from the largest and most successful growers clearly demonstrates its superiority over all others. (See engraving.) Price, 25c. pkt., \$3.50 oz., \$12.50 $\frac{1}{4}$ lb., \$50.00 lb.

EXTRA EARLY DWARF ERFURT CAULIFLOWER.

While the famous Henderson's Snowball is beyond any question the finest sort for general use and especially for frame culture, we strongly recommend **Henderson's Superb Strain of Extra Early Dwarf Erfurt**, which is one of the very best varieties for field cultivation, especially for late crops. It heads with great certainty, and under ordinary conditions produces large, deep and very solid white "flowers". The plant is large, sturdy and robust in growth, with short broad leaves which furnish ample protection to the "flower." This is of the finest quality, always clear, free from ingrowing leaves, with even surface and attractive appearance when trimmed. Price, 20c. pkt., \$2.50 oz., \$9.00 $\frac{1}{4}$ lb., \$36.00 lb.

THE "HENDERSON" WHITE SPINE CUCUMBER. EXTRA EARLY—HEALTHY—PROLIFIC—HANDSOME.

Perfection has been attained in this grand improvement in the White Spine family. It is early, and produces an enormous crop of uniformly large and symmetrical fruits of an extremely attractive color, with faint yellowish shading towards the blossom end. It runs very close to type, bearing practically no misshapen fruits or culls. It is the ideal for slicing, the flesh being compact, fine grained, sparkling white and of most refreshing and delightful flavor. The vines are vigorous, quite healthy, mildew-proof, maintaining their fresh luxuriance and bearing from the earliest to the latest season. Either for the home garden or for market this variety is without a peer. (See engraving.) Price of the "Henderson" White Spine Cucumber, 20c. oz., 50c. $\frac{1}{4}$ lb., \$1.50 lb.

ARLINGTON WHITE SPINE CUCUMBER.

A very fine selection of white Spine, having many sterling qualities such as earliness, handsome shape, medium size, even dark green color and productiveness. The vines are healthy and vigorous ensuring a great number of good marketable fruit, with few culls. It is certainly a fine variety for the trucker. Price, 15c. oz., 35c. $\frac{1}{4}$ lb., \$1.00 lb.

THE DAVIS PERFECT CUCUMBER.

Produces slim symmetrical fruits 9 to 12 inches in length, very uniform in shape and of handsome appearance. The color—glossy dark green—is maintained almost up to maturity. It holds its color and apparent freshness long after being cut, rendering it a good shipping and market variety. The flesh is of fine quality and solid. While in condition to slice the seeds are so small as to be scarcely noticeable. It so resembles some of the forced or hot house cucumbers that it is often sold by fruit dealers as such and at high prices. The vines are such healthy, vigorous growers that they should not be planted for the best results nearer than 5 feet apart. It is practically immune from Cucumber diseases, very prolific and early, and a very shy seeder. Price, 15c. oz., 45c. $\frac{1}{4}$ lb., \$1.50 lb.

VICKERY'S FORCING CUCUMBER.

This variety is considered by all who have tried it to be an ideal forcing Cucumber, although it is equally good for outdoor cultivation. The fruits are longer than Early White Spine and taper slightly at both ends. Its wonderful productiveness and rich dark green color make it unsurpassed as a Market Gardener's or Truckers Cucumber. Price, 15c. oz., 45c. $\frac{1}{4}$ lb., \$1.50 lb.

HENDERSON'S BIG BOSTON LETTUCE.

A GRAND LARGE CABBAGE LETTUCE

For either Early Summer or Fall use.

This grand variety, introduced into cultivation by us several years ago, has proved to be most valuable, steadily gaining in popularity until it is now more extensively grown than any other kind of lettuce, either for the private table or for sale, North, South, East or West; whether grown in the open ground for summer and fall use, or in frames for spring, or forced cool in greenhouse for winter use, it invariably gives both grower and user the utmost satisfaction, producing during all seasons, under ordinarily favorable conditions, splendid, large, buttery-yellow heads, packed with thoroughly blanched leaves, crisp, tender and sweet, delighting both the palate and the eye. This grand variety makes a handsome plant, with but few outside leaves, and stands long before bolting to seed. Although Big Boston is one of our best large-heading midsummer lettuces, it is also peculiarly adapted for late Fall culture; large areas of it may be seen in the vicinity of New York as late as Nov. 15th; a slight covering of salt marsh hay amply protects the plants from hard frosts, and when cut for market the leaves are as fresh, bright and untinged as in midsummer. Thousands of acres of it are grown during the winter in Florida and other Southern States for shipping to Northern markets. As far north as Maine it is a wonderfully popular summer lettuce; in fact, we know of no other variety that gives such general satisfaction under so many varied conditions. (See engraving.) Price, 20c. oz., 50c. $\frac{1}{4}$ lb., \$1.50 lb., 10 lbs. and upwards, \$1.40 lb.

HENDERSON'S IMPROVED NEW YORK SPINELESS EGG PLANT.

A vastly superior type; the plants are of low stocky, branching habit and absolutely free from spines. It is very early and produces a large crop of handsome purple fruits of the largest size and finest quality; the plants usually bear 8 to 10 immense fruits. Price, 60c. oz., \$2.20 $\frac{1}{4}$ lb., \$8.00 lb.

KALE SIBERIAN.

Our stock of this well-known variety is carefully selected to a uniform type, which is far superior to the strains usually sold. In color it cannot be surpassed, and its green, curly leaves are tender and of delicate flavor. Its uniformly dwarf habit renders it particularly valuable for wintering over in the South for spring marketing. Price, 15c. oz., 35c. $\frac{1}{4}$ lb., \$1.00 lb.

DWARF GREEN CURLED SCOTCH KALE.

Largely grown for supplying "greens" during the fall, winter and spring; also used small, like spinach; also useful in garnishing. The plants are hardy above zero; frost improves the quality. The leaves are very large, deeply curled and fringed, and of that desirable rich bright green color; the plants are of very dwarf, even growth, the leaves hugging the ground, so that they are not broken off by heavy, wet snow, as often happens with taller types. Price, 20c. oz., 60c. $\frac{1}{4}$ lb., \$2.00 lb.

American "Spore Culture" Mushroom Spawn.

Recent discoveries in the production of Mushroom Spawn enable pure cultures to be taken direct from selected specimens of specific varieties, insuring a greater yield of more uniform and marketable product than spawn "run" from hit-and-miss large, small and unevenly shaped and colored varieties of mushrooms. It is sold in bricks measuring about $8\frac{1}{2} \times 5\frac{1}{4} \times 1\frac{1}{2}$ inches. Each brick weighs from $1\frac{1}{4}$ to $1\frac{1}{2}$ lbs. sufficient to spawn an area of 9 square feet. Price per brick, 35c., 50 bricks \$15.50, 100 bricks \$30.00. Purchaser pays transportation

SELECTED VARIETIES OF RADISH FOR FALL SOWING.

WHITE-TIPPED EARLY SCARLET TURNIP. A superior strain of this variety, so popular both for outdoor culture and growing in frames; of medium size; shape very uniform and round; color, bright scarlet, with a distinct and ample white tip, contrasting vividly and making it very attractive; mild, crisp, white flesh; matures in 25 days. (See engraving.) Price, 10c. oz., 25c. $\frac{1}{4}$ lb., 80c. lb.

EARLY SCARLET GLOBE. This is the most popular forcing Radish on the market to-day. It is grown very largely in the Eastern States to supply the enormous demand in New York, Boston and other eastern markets, where its brilliant color and attractive shape have secured for it a prominent place. It matures in 21 days, and has a very small top. No variety looks better in the bunch, none hold the color longer, or remains firmer after pulling. Our stock is not equalled by any to-day, and is selected specially for the most critical trade, some growers buying as much as 500 lbs. annually for forcing purposes. Price, 15c. oz. 35c. $\frac{1}{4}$ lb., \$1.00 lb.

LONG SCARLET SHORT TOP. This variety is largely grown, as its shape (when tied up in bunches) is the best to ship. Price, 15c. oz., 40c. $\frac{1}{4}$ lb., \$1.25 lb.

LONG WHITE VIENNA or Lady Finger. Pure white in color, of long tapering shape; very attractive in appearance; sweet, mild and delicious. Matures in about 25 days. Price, 15c. oz., 40c. $\frac{1}{4}$ lb., \$1.25 lb.

WHITE STRASBURG. It is of a tapering shape, skin and flesh both white. It is an excellent summer variety, being tender, crisp, and of fine flavor, and a quick grower. Price, 15c. oz., 35c. $\frac{1}{4}$ lb., \$1.00 lb.

SELECTED VARIETIES OF TOMATO FOR FALL SOWING.

SPARK'S EARLIANA. A wonderfully early and exceedingly prolific medium-sized, uniform, smooth and attractively shaped, bright scarlet tomato, of great solidity and fine flavor. It is one of the earliest tomatoes grown, having been evolved through keen competition in a tomato-growing section in Southern New Jersey, where earliness and quality secure profitable returns. The plant is of neat, moderate growth, but quite hardy and well set with clusters of from 5 to 8 fruits, averaging $2\frac{1}{2}$ inches through nearly all ripening up remarkably early and evenly; of great value to the market gardener where early tomatoes are an object, (See engraving.) Price, 35c. oz., \$1.15 $\frac{1}{4}$ lb., \$4.00 lb.

STONE. This is one of the best and most popular main crop varieties for market gardeners. The plant is a strong grower, is very prolific and possesses every requisite for a salable tomato; the fruits are large, smooth, almost round, being very deep, slightly flattened at the base and top; the color is an attractive, vivid scarlet. The skin is tough and the flesh unusually solid and firm making it one of the best shippers. The quality is unsurpassed for either cooking, canning or slicing, being meaty and firm. Price, 30c. oz., 90c. $\frac{1}{4}$ lb., \$3.00 lb.

LIVINGSTON'S GLOBE. A large globe-shaped, early fruited purplish variety, exceedingly productive. It is largely grown in some sections, particularly in the Southern States where it can be picked before thoroughly ripe and shipped to Northern markets. Price 35c. oz., \$1.00 $\frac{1}{4}$ lb., \$3.50 lb.

EARLIANA TOMATO.

HENDERSON'S TESTED VEGETABLE SEEDS FOR MARKET GARDENERS

COMPLETE ALPHABETICAL LIST

THIS LIST CANCELS ALL PREVIOUS OFFERS NOT ACCEPTED.

IMPORTANT NOTICE.—The prices herein quoted on vegetable seeds are based on customers paying delivery charges when sent either by express or freight but here is a plan whereby it rests with you whether WE pay the freight or YOU. If you send the order to us direct WE WILL on purchases of vegetable seeds from this list to the value of \$10.00 and upwards, DELIVER FREE by freight or express, at our option, to any railroad station in the United States, PROVIDED, that at least half of the order is composed of small seeds—that is, any vegetable seeds in the list other than Peas, Beans, Corn, Onion Sets and Potatoes which are forwarded only at purchaser's expense for transportation. If your own order does not amount to \$10.00 you can avail yourself of this offer by combining your order with one or more of your neighbors. (Prices in this list subject to change without notice.)

WHEN SEEDS ARE DESIRED BY MAIL, Postage must be added at the Zone Rate. Postage weight of Peas, Beans, and Corn, 2 lbs. per quart. See table of Zones and Rates on page 2 of the cover, ounces and quarter pounds are mailed free. Half pounds will be supplied at pound rates; half pecks at peck rates; half bushels at bushel rates. Where prices are not quoted the items cannot be supplied

| VEGETABLE SEEDS. | PRICES Ozs. and $\frac{1}{2}$ Lbs. delivered free, but add postage according to zone rates (see page 2 of cover) for half-pounds and over if wanted by mail. | | | VEGETABLE SEEDS. | PRICES. We furnish Florists and Market Gardeners for their own planting our RETAIL packets of Vegetable and Flower Seeds at 25 per cent off the retail prices. See column*. (Under no circumstances do we supply our seeds to be sold again.)

NEW GIANT EARLY FLOWERING SPENCER SWEET PEAS.

BLOOM 4 WEEKS EARLIER THAN THE LATE SPENCERS

The plants of this new race, grown under congenial conditions, are of strong constitution, vigorous growth, profuse and bloom continuously for about four months. Grown in the open ground they begin flowering in about 106 days from seed sowing or fully four weeks sooner than late flowering Sweet Peas sown at the same time, and they continue to flower in profusion for fully 4 months. It is predicted by Sweet Pea authorities that this race will supplant all other early and late flowering Sweet Peas for winter flowering under glass, and also for open ground culture in our Southern States—sown preferably in fall or winter. Condensed cultural instructions for both garden culture under northern and southern conditions and for winter flowering under glass are given in Henderson's leaflet "How to Grow Sweet Peas to Perfection" free to customers.

THE GIANT WAVED SPENCER or Orchid Flowered SWEET PEAS. STANDARD VARIETIES AND NOVELTIES.

The characteristics of the Spencer Sweet Peas, grown under congenial conditions are: robust growth, the plants attaining a height of from 6 to 10 feet, requiring for full development to be not less than 6 inches apart; a foot apart is better. The flowers are giants among Sweet Peas, measuring 2 to $2\frac{1}{2}$ inches across. They are beautifully formed and daintily waved. Three and often four or five of these queenly blossoms are borne on long, strong stems.

The New "Planet, Jr." Wheel Hoes and Cultivators for Hand Power.

Wheel Hoes with their attachments for cultivating, hillling, furrowing, covering, etc., are among the great labor-savers of the age. They not only make the care of all rowed crops a pleasure, but enable a man to care for five times the area that can be done by "the man with the (other) hoe." They are built substantially for all-day work by an able-bodied man, yet they are adapted to the strength of a boy or woman.

THE DOUBLE-WHEEL HOES, while they work equally well between two rows of plants, are especially adapted for straddling one row, working close up to both sides of the plants, until they are twenty inches high.

THE SINGLE-WHEEL HOES, are rather lighter than the double, and while the wheel can be set on the side of the frame, enabling both sides of one row to be hoed at one time, yet they are best adapted for working between two rows of plants.

Planet Jr., (No. 16)
Single Wheel Hoe
Complete

PLANET, JR. (No. 11)
DOUBLE WHEEL HOE
Complete

THE NEW "Planet, Jr." Wheel Hoes, Etc.

THEIR ATTACHMENTS AND USES

The Cultivator Teeth, a fine model of best stamped steel used for either deep or shallow stirring and cultivation.

The Flat Hoes, for surface hoeing, cutting off weeds, etc. The 4½-inch are for rows under 12 inches wide; the 6-inch for wider rows. The hoes can be exchanged to either side, thus throwing a little earth to or from the plants, as desired.

The Small Plows, (supplied with the Double Wheel Hoes), are valuable for hillling up, covering, furrowing, etc.

The Large Landside or Turn Plow, (supplied with the Single Wheel Hoes), is used for plowing, furrowing, hillling, covering, etc. They will throw either to or from the plants as set.

The Rakes are for stirring, fining and leveling the surface and for early cultivation.

The Leaf Lifters turn aside the foliage without injury when plants are large, so that close work can be done rapidly and easily.

No. 90 "Planet, Jr." Twelve-Tooth Harrow, Cultivator and Pulverizer,

Gardeners cultivate better than formerly and find it pays. The chisel-shaped teeth on this tool go as deep or shallow as you like, close to row, without injuring plants, cut out all weeds, stir the soil and mellow and fine it as with a garden rake. Any width from 12 to 32 inches. A special favorite with strawberry and tobacco growers, market gardeners, truckers and small fruit growers. The wheel won't clog; the pulverizer leaves the ground in perfect condition for seeding or plant setting.

No. 90—as illus. \$22.50.

No. 90-B—(less pulverizer, \$19.00.

No. 90-D—less Pulverizer and (wheel), \$14.50.

Planet, Jr., Celery Hillers.

and first bleach every other row, it is "Just the thing." It is also excellent help when burying the crop.

Price, Double Celery Hiller, complete \$36.00

" Single " " " " " \$30.25

Planet, Jr. No. 14 Double and Single Wheel Disc Hoe, Cultivator and Plow

Packed weight, 38 lbs. Steel frame. 14-inch steel wheels.

Equipment:

One set of disc hoes, oil tempered.

One pair plows, oil tempered.

One pair 3-prong cultivator teeth. Two leaf lifters.

No. 14 is especially pleasing to all who work peat lands. It has three adjustable discs on each side, which may all be used at once or one or two on a side. They can be set to throw to or from the row, and will leave the ground smooth and pulverized.

The prong cultivator teeth are invaluable. The tooth next to the row is narrow and runs shallow; the middle tooth is wider and runs $\frac{1}{2}$ inch deeper; the outside tooth is still wider and runs another $\frac{1}{2}$ inch deeper. This avoids injury to the plants. The teeth are also set out of line from front to back, which prevents clogging.

Price, \$15.25.

Imperial Potato Digger.

The Beam and Handles are made of selected white oak, thoroughly seasoned. The Handles are adjustable up and down to suit the height of the operator. The Post or Standard is high allowing ample room for clearance of trees. The Blade is made of steel and is broad with long edges. It is fitted with four fenders, two on each side of the blade, which serves to clear away the vines. These Fenders can be adjusted to different positions. The Digger is fitted with eight round rods attached to the crossbar underneath the large blade. These rods, while held rigidly in position, are of such length and size that in passing through the earth they are in constant vibration. This movement brings all the potatoes to the surface, and at the same time does not injure them.

Made in One Size Only

No. 205, Imperial Potato Digger, without wheel, weight 88 lbs. \$18.00

Wheel, complete, weight 10 lbs. \$1.00

Garden Implements, Tools and Requisites.

NOTE: Purchaser pays freight, express or parcel post charges on all tools, requisites, fertilizers, insecticides, etc. All that are mailable have the packed weight given so that postage may be calculated at the zone rates.

Farm Seeds, Fertilizers, Insecticides and Implements are NET CASH. PRICES SUBJECT TO CHANGE WITHOUT NOTICE.

THE HENDERSON CHILLED PLOW.

THE HENDERSON CHILLED PLOWS are honestly made of best materials, correctly shaped and balanced to do grand work. Easy on both team and plowman, and we are certain they are not surpassed by any other make. The mold is harder than steel, scours like glass in any soil and turns a beautiful furrow. All improvements, including inclining landside, adjustable beam and wheel. Shin piece removable for sharpening.

The Meeker DISC-SMOOTHING HARROW.

It is a splendid substitute for a rake for garden purposes, or for seeding down. It pulverizes and grades, leaving the ground in as fine a condition as could be possibly done by hand. No market gardener or farmer can afford to be without it.

The frame is fitted with four sets of rollers, having iron discs. The discs on each set of rollers work between each other.

The board in the centre is set at an angle; is adjusted up and down, and acts as a leveler.

The discs grind all lumps, so fine that seed must come up, and mashes small stones below the surface better than any field roller; it levels the ground at the same time, which a field roller does not do.

Prices, Market garden, size 6½ ft. \$36.75
Track 8½ 46.50

THE "HENDERSON" PERFECT STEEL PLOW.

Mouldboard, shinpiece and landside are of tempered steel; the beam is also of steel and will not bend nor break. The entire design is perfection in shape, turning the furrow clear over, and grass, weeds and manure entirely under; it scours like glass in all soils, and works beautifully in either loam with out body, or muck.

Price of the "Henderson Perfect" Steel Plow, with a chilled carbonate share, regular two-horse size, cuts 5 to 8 inches deep by 10 to 15 inches wide, plain, \$23.00; with wheel, \$25.00; with wheel and jointer, \$28.00.

THE HENDERSON LEVER-SET ALL-STEEL Harrow.

A Spike-Tooth Harrow with Lever Up. A Smoothing Harrow with Lever Down.

The teeth can be instantly set at any angle from a forward pitch to straight up and down or slanting backward, the lever-catch holding them securely in the desired position. Prices, No. A, 1-horse 1 section, 25 teeth, cuts 4 ft., \$14.00. No. B, 1 horse, 1 section, 30 teeth, 5 ft. cut, \$15.00. No. C, 2-horse, 2 sections, 50 teeth, cuts 8 ft., \$28.00. No. D, 2 horse, 2 sections, 60 teeth, 10 ft. cut, \$30.00.

NORTON'S PLANT DUSTER.

For dusting potatoes, vines, etc. An air-chamber prevents clogging. The dust guard prevents the powder from escaping beyond the plant being treated. Price, \$2.00 each.

NORTON'S PLANT DUSTER.

TWO HORSE SUB-SOIL PLOW

This follows in the channel made by the plow turning the surface soil, pulverizing the lower soil, without bringing it to the surface. The Subsoil Plow is especially valuable in lands where the topsoil rests upon hard-pan, and in a stiff clay or tenacious soil.

It is of great advantage both in dry and wet seasons. If permitted, plants will in a dry season, extend their roots deeply into the earth. By the use of the Subsoil Plow the hard-pan is opened so as to promote the ascent of moisture as well as permit the roots to push down. Again, lands of a stiff compact soil are in a wet season naturally cold and moist; by being deeply loosened the excess moisture filters below, and the surface soil is made light and warm.

Two Horse with wheel and draft Rod. Price, \$18.00.

"PLANET, JR." NO. 8 ALL-STEEL HORSE HOE & CULTIVATOR.

Cultivates, Hoes, Furrows, Covers, Hills.

This grand implement is without a peer as a labor saver. It is no ordinary, heavy, clumsy, cultivator but made scientifically correct and entirely of steel. The patent frame is extra long and high, the hollow standards are remarkably strong and light. The teeth, hoes, etc., are of the finest quality of case-hardened, polished steel, and correctly shaped and curved. The cultivator, teeth can be set to any pitch; the hoe standards can be swivelled to any angle, or entirely around, to throw much or little soil either to or from the plants. The lever wheel instantly regulates the depth and locks. The lever expander widens or narrows the implement to work in uneven rows. The handles can be quickly set to either side, and the height can be changed to suit the operator. Weight, 82 lbs. Price, Planet, Jr. No. 8 (shown in cut) \$22.50.

Planet, Jr.,
No. 8 Horse
Hoe Cultivator,
Etc.

Improved STEEL WING MARKER.

For Potato Ground and Row Crops.

The long runners make a very true and even mark which cannot be thrown out by stiff sod or stones, a difficulty with markers having short teeth. It can be adjusted to width and depth, as desired. The wearing parts of the runners are chilled iron, the wings are steel, bolted on and easily replaced when worn. The frame is oak. Price, for two horses—three runners, gauge, pole and seat, \$24.00.

IMPROVED
STEEL WING MARKER

WOODASON'S DOUBLE CONE POWDER BELLOWS.

For dusting plants with dry powders. Can be held in any direction without wasting powder, and does not clog up. Price, \$6.00.
SINGLE CONE POWDER BELLOWS. Price, large size, \$3.75. Small size, \$2.75.

AUTO COMPRESSED AIR SPRAYER.

One of the best spraying contrivances on the market and the standard of all compressed air sprayers. Can be used in every variety of spraying. Suitable for all garden work, five acres of field crops, a limited number of trees any size, also will handle whitewash and disinfectants in the Poultry house. Capacity about 4 gallons. Easily carried either by handle or shoulder strap. The pump is of heavy brass, large diameter. Two or three pumpings will empty the tank under high pressure. There are no screw connections in the construction of this machine and there are no parts likely to require renewing except in the ordinary course of long service. Made with tank of either brass or galvanized iron furnished with Auto-pop Nozzle No. 1.

PRICES SUBJECT TO CHANGE WITHOUT NOTICE.

REMEDIES FOR INSECTS AND FUNGUS. CONTACT AND STOMACHIC.

Insects that Suck the Juices from Plants, Foliage, etc., such as lice, green, black and white aphis or fly, mealy bug, red spider and scale, thrust their proboscis into the leaf or stem, and are not affected by stomach poisons; so they must be destroyed by contact insecticides. Those in powder form kill by closing the breathing pores in the insect's skin; or in fluid form by being absorbed through these pores. The best contact insecticides in powder form are Bug Death, Hellebore, Slug Shot and Tobacco Dust. The best in fluid form are Aphine, Black Leaf 40, Fir Tree Oil Soap, Fish (Whale) Oil Soap, Nicotine (Tobacco Extract) Kerosene Miscible Oil, Lemon Oil, Insecticide.

Insects that Eat Plants, Foliage, Vegetables, Fruits Flowers, Etc., whether bugs, beetles, worms, caterpillars or slugs, are more quickly and effectually destroyed with a poisonous stomachic insecticide such as Arsenate of Lead, Paris Green or Hellebore. These if applied according to directions are so diluted as to be harmless to vegetation and to animal life. Less poisonous stomachic and contact insecticides are Bug Death, Fir Tree Oil Soap, Kerosene Emulsion, Slug Shot, etc.

Where the packed mail weight is given the goods may be sent by Parcel Post. If no mail weight is given they can only be sent by express or freight.

APHINE. Very powerful, soluble in water applied as a spray, wash or dipping solution. It kills aphis, thrip, red spider, slugs, ants, mealy bug, scale. Price, 1 gill, 25c.; $\frac{1}{2}$ pint, 40c.; pint, 65c.; quart, \$1.00; gallon, \$3.00.

ANT-I-CIDE. A powder with a repellent odor, effective against ants and crawling insects that infest lawns. Strew so the surface infested will be thoroughly covered. One pound will dress about 300 square feet. Price, 1-lb. package, 25c.; 5-lb. bag, \$1.00; 25-lb. drum, \$4.50.

ARSENATE OF LEAD—PASTE. A poison taking the place of Paris Green. Its advantages are that it adheres to foliage, does not readily wash off by rain and does not injure tender foliage. It is white in color and shows just where it has been applied. Price, 1-lb. tin, 45c.; 5-lb. tin, \$2.00; 10-lb. pail, \$3.50; 25-lb. bucket, \$6.50; 50-lb. bucket, \$12.00; 100-lb. keg, \$22.00.

ARSENATE OF LEAD, POWDERED. May be used either as a dust diluted with hydrated lime, plaster or road dust, or as a liquid spray with water, lime-sulphur, solution or Bordeaux, only half the weight is needed as of the paste form. Price, 1 lb., 75c.; 5 lbs., \$3.25; 10 lbs., \$5.50.

BLACK LEAF 40". Very effective for sucking insects such as plant lice, red spider, leaf hopper, thrip, etc., sprayed on. Dilute 2 teaspoonsful to a gallon of water. It also forms a splendid spray for both insects and fungus with Bordeaux. Price, 1-oz. bottle, 25c.; $\frac{1}{2}$ -lb. tin, \$1.00; 2-lb. tin, \$3.25; 10-lb. can, \$18.75.

BORDEAUX & ARSENATE OF LEAD. A combination in proper proportions of these standard insecticide and fungicide remedies, killing insects and plant diseases at one spraying and in half the time required to spray on separately. Quantity required, 5 lbs. in 10 gallons water. Price, 1 lb., 45c.; 5 lbs., \$2.00; 10 lbs., \$3.50; 25 lbs., \$6.50; 50 lbs., \$12.00; 100-lb. keg, \$22.00.

BORDEAUX—MIXTURE. Ready for use by simply adding 1 part to 50 of water. An indispensable fungicide, curing and preventing black rot, mildew, blight, rust, scab, and all fungoid diseases on fruits and plants. Price, 1 pint, 40c.; 1 quart, 75c.; 1 gallon, \$2.00; 5 gallons, \$8.50.

BORDEAUX, POWDERED. Requires 1 to $1\frac{1}{2}$ lbs. to 10 gallons of water as fungicide spray. Price, 1 lb., 45c.; 5 lbs., \$2.00; 10 lbs., \$3.50.

BOROWAX. A complete protection against tree borers. Use half to one pint to a tree according to size. Price, quart, 35c.; gallon can (boxed) \$1.00; 8 gallons (boxed), \$5.00; half-barrel, \$20.00; barrel, \$35.00.

BUG DEATH. A non-poisonous insect-killing powder, for worms, bugs and caterpillars. Apply with a duster, bellows or powder-gun, at the rate of about 12 lbs. per acre. Mail weight, $1\frac{1}{2}$ lbs. per lb. Price, 20c. per lb.; 3 lbs., 55c.; 5 lbs., 75c.; $12\frac{1}{2}$ lbs., \$1.50; 100 lbs., \$10.00.

BUG SHAKER for applying above, 50c.

COPPER SOLUTION, AMMONIATED. A fungicide, for spraying when fruits are nearing maturity, or plants in bloom. One quart is sufficient for 25 gallons of spray. Price, 1 quart, \$1.15; 1 gallon, \$3.50.

CUT WORM KILLER. It has an enticing odor and attracts worms. One pound is sufficient for 175 plants in hills, or 100 feet when in rows. Price, 1-lb. sprinkler box, 35c. (mail weight, 2 lbs.); 5-lb. tins, \$1.50 (mail weight, 6 lbs.); 25-lb. drum, \$5.00; 100-lb. bag, \$15.00.

TREE WOUND PAINT is an insurance against decay, having penetrating, antiseptic and elastic waterproofing qualities. Price, quart, \$1.25; gallon, \$3.00; 5 gallons, \$11.25.

FISH OIL SOAP. (Whale Oil Soap.) A wash for insects and eggs on the bark, and for smearing the trunks of trees to prevent worms from crawling up. Price, 35c. per lb. (mail weight, 2 lbs.); 5 lbs., \$1.50 (mail weight, 6 lbs.); 10 lbs., \$2.75.

FORMALDEHYDE. A preventive of fungoid diseases as potato scab, smuts, musty corn, damping off of seedlings, club root, etc. The dilution is 1 lb. (1 pint) to 15 or 20 gallons of water and 1 to 2 gallons of this dilution is required for the treatment of a bushel of seed. Price (40 volume %), 1-lb. bottle \$1.00; 5-lb. bottle, at 95c. lb.; 9-lb. bottle, at 90c. lb.; 50-lb. demijohn, at 85c. lb.; 100-lb. carboy, at 80c. lb. Demijohn \$3.50 extra Carboy \$6.50 extra.

FUNGINE. An effective sulphurated spraying remedy for mildew, rust and other blights. Does not stain the foliage. Price, half pint, 40c.; pint, 65c.; quart, \$1.00; gallon, \$3.00.

KEROSENE MISCELLY OIL. Better than Kerosene Emulsion. Is especially valuable against all soft bodied insects. Can be used in place of Nicotine. Contains 80% Kerosene. Dilute 1 part Oil to 16 parts water. Tender plants 1 part to 36 parts water. Price, 1 pint, 45c.; 1 quart, 75c.; 1 gallon, \$1.75.; 5 gallons, \$8.00.

LIME SULPHUR SOLUTION. For scale insects on trees and such fungus bark diseases as can be treated in winter. Diluted and apply with a spray pump while trees are dormant, in fall, winter or spring. Can be used strong during mid-winter, but earlier or later dilute it 1 gallon to 30 to 40 of water. Price, quart can, 60c.; gallon, \$1.40; 5-gallon can, \$4.75; barrel of 50 gallons, \$15.00.

MELROSEINE. Keeps indefinitely. It is most inexpensive to use, as it costs less than 25 cents per gallon when diluted for use. No garden can afford to do without this protection, which is an insurance against the ravages of the Rose-Bug, as well as the minor insect pests. Price-List of Melrosine, Pint Can, \$1.00; Quart Can, \$1.75; Half-Gallon Can, \$3.25; Gallon Can, \$6.00

HALL'S NICOTINE FUMIGATOR FOR GREENHOUSES. A simple and effective preparation for fumigating greenhouses, for plant-lice and thrips. It is specially prepared tobacco powder, which has been treated to insure proper burning qualities, and which is saturated with pure Nicotine. A real smudge or punk. Easy to use. Simply fill the enclosed measuring dipper with the fumigator, press it in gently and place on an inverted, empty tin can. Set the can on the floor and light the cone at the top. It will burn evenly, without flaming, and will be consumed in about five minutes, vaporizing the Nicotine. An ordinary greenhouse, 2 by 100 feet, will require three of the above charges—equally spaced—for strong fumigation, or one (1) measurable for each 7,000 cubic feet of space. Before fumigating a greenhouse see that all ventilators are tightly closed and that the plants are well watered, so that the air will be moist. Fumigate in the evening, if possible, when little or no wind is blowing, and allow the vapors to remain in the house all night. Nicotine in concentrated form is a deadly poison, and as this fumigator is impregnated with concentrated Nicotine, it should be handled with due care. Price, $2\frac{1}{2}$ lb. tins, \$2.50; 10 lb. tins, \$8.50.

NICO-FUME. Suspended and lighted, it is the best method of fumigating conservatories for aphis and all insects that succumb to tobacco. One sheet is sufficient for 2000 cubic feet of space. Price, air-tight cans of two dozen sheets, \$1.25 (mail weight, 1 lb.); 1 gross sheets, \$5.00 (mail weight, 4 lbs.); 2 gross sheets, \$9.50.

PARIS GREEN. An insoluble, poisonous powder for potato bugs, codling moth, worms, caterpillars, slugs and bugs. Applied as a powder it should be mixed with plaster or flour, 100 parts to 1 part of Paris Green; in solution mix 1 lb. in 200 to 300 gallons of water. Price, $\frac{1}{2}$ lb. package, 30c.; 1-lb. package, 55c.; 5-lb. package, \$2.50.

PYROX. An insecticide and fungicide for eating insects, blights and fungus. Mix with water to apply. Price, 1-lb. bottle, 45c.; 5-lb. crock, \$1.75; 10-lb. crock, \$3.00; 25-lb. crock, \$6.25; 50-lb. keg \$11.00; 100-lb. keg, \$20.00.

SCALECIDE. The best spray for San Jose scale, cottony maple scale, etc. It is not poisonous, being a preparation of petroleum that mixes with cold water and is ready to apply. 1 gallon to 20 gallons of water sprayed on trees and bushes will kill every scale that it reaches without injury to tree or fruit if applied while foliage is off. Price, 1 quart, 60c.; 1-gallon can, \$1.45; 5-gallon can, \$6.45; 10-gallon can, \$11.00; 30-gallon barrel, \$27.00; 50-gallon barrel, \$39.50.

SCOTCH SOFT COAL SOOT. Used in onion drills, radish beds, cabbage grounds, etc., it checks the attacks of grubs or cut worms, and drives away insects that hide in the ground and lay their eggs near the roots. Price, 50-lb. bag, \$3.50; 100-lb. bag, \$6.00.

INSECTICIDES—Continued.

SLUG SHOT. A non-poisonous powder insecticide; it requires no mixing or preparation, easily applied and not injurious to the person applying it, or fruits and vegetables. Destroys potato bugs, beetles, green flies, slugs, worms, etc. Price, per kg of 125 lbs. net, \$11.25; per barrel of 250 lbs. net \$20.00; 10-lb. package, \$1.00 (*mail weight, 1½ lbs. per lb.*); 5-lb. package, 60c.; in tin canister with perforated top for applying, 40c. each (*mail weight, 2 lbs.*).

SULCO-V.B. A combined contact insecticide and fungicide of unusual merit for the control of San Jose and other scale insects—aphis, white fly, pear psylla, red spider, red bug, leaf blisters, mite, thrips, citrus rust mite, cabbage lice and fungus spores causing peach leaf curl, brown or ripe rot of peach and other stone fruits, apple and pear scab, smut and Mildew on various plants, etc. Also used as a sheep cattle and hog dip, and for controlling poultry and cattle lice. Dilutes—1 to 25 and up to 100 according to requirements. Price, pint, 40c.; quart, 75c.; ½ gallon, \$1.35; 1 gallon, \$2.50; 5 gallons, \$8.50; 10 gallons, \$15.00; 30 gallons, \$30.00; 50 gallons, \$45.00.

SULPHUR, FLOWERS OF. Price, 15c. per lb. (*mail weight, 2 lbs.*); 10 lbs. 90c.; 25 lbs. and over, at 8c. per lb. (*mail weight, 1½ lbs. per lb.*).

TOBACCO DUST, FINE. For green and black aphids, flea-beetles, etc. Splendid fertilizer and preventative for insects in the ground and around roots. Price, 20c. per lb. (*mail weight, 1½ lbs. per lb.*); 5 lbs., 75c.; 10 lbs., \$1.35; 25-lb. bag, \$2.00; 50-lb. bag, \$3.00; 100-lb. bag, \$5.00.

TOBACCO POWDER, FUMIGATING. Extra strong dust for fumigating. Price, 50-lb. bag, \$3.25; 100-lb. bag, \$6.00.

TOBACCO STEMS. For fumigating greenhouses. Price, 100-lb. bale, \$3.00.

TREE TANGLEFOOT. No crawling insect can pass a band of tree tanglefoot. Apply early in the spring—and again in the fall if troubled with the fall canker worm. One pound for 6-foot band 4 inches wide, 1/16 inch thick. Price, 1-lb. can, 50c.; 5-lb. can, \$2.40; 10-lb. can, \$4.50; 20-lb. can, \$8.75. (*mail weight, 1½ lbs. per lb.*).

VERMINE. Kills underground insects. Use 1 part vermine to 400 parts water, thoroughly saturating the ground. Price gill, 25c.; half pint, 40c.; pint, 65c.; quart, \$1.00; gallon, \$3.00.

HENDERSON'S WORM KILLING GRASS FOOD

Stimulates the grass into rich green growth and quickly eliminates the earth or angle worms that burrow in the turf in unbelievable quantities. We advise all whose grass is not good to apply it at the rate of ½ pound to a square yard during rainy weather or else water in thoroughly with a hose. The worms will then come to the surface and die. It is a non-poisonous powder not injurious to animal life and can safely be applied at any season of the year. Use one pound for each two square yards.

Price of Henderson's Worm-Killing Grass Food (F.O.B.N.Y.):

| | | | |
|-----------------------------|--------|-------------|---------|
| 5 lb. pkg (Mail wt. 6 lbs.) | \$0.95 | 100 lb. bag | \$12.50 |

HENDERSON'S FLUID WEED DESTROYER

Destroys all weeds, on brick walks, roads etc. It is mixed with water and applied with a watering can or sprinkling cart. If the ground is dry, it should first be sprinkled with water, so the Weed Destroyer will not soak away too quickly. Where large weeds and docks are to be destroyed chop off the tops first. Full directions for use with each package.

| | | |
|-------------------|--------|-------------------------|
| Quart Can | \$0.70 | Dilutes with 30 to 40 |

"CLIMAX" LAWN SAND

A non-poisonous, dried chemical, which if evenly distributed 4 ounces per square yard kills weeds by adhering to their broad flat leaves, but falls clear to the roots of grass, and fertilizes the soil.

It is marvelous how quickly the grass improves. Seven pounds will dress about 25 square yards; Price 14 lbs., \$2.25; 28 lbs., \$3.75; 56 lbs., \$7.00:

BONE FERTILIZERS

Decomposes slowly in the soil; form permanent improvement. With bone there is no danger of burning the plants. Excellent for top-dressing grass and for garden and field crops.

Quantity Required. For lawns, pasture and mowing lands, ½ to 1 ton per acre. For trees and vines, 2 to 4 quarts each. For field and garden crops, ¾ to 1 ton broadcasted and harrowed in. For rose beds, pot plants, etc., one part to about fifty of soil.

Raw Bone Meal. This is ground very fine, decomposes rapidly in the soil and is more quickly beneficial.

Price, 1-lb. package, 15c. (*mail weight 2 lbs.*); 5-lb. package, 40c.; 10-lb. package, 75c.; 25-lb. bag, \$1.50; 50-lb. bag, \$2.75; 100-lb. bag, \$4.50.

BLOOD AND BONE

A very high grade fertilizer of exceptional value for garden crops, grasses, fruit trees, grape vines.

Quantity Required. When broadcasted use from ½ to 1 ton per acre. For garden crops drill in 300 to 500 lbs. per acre.

Price, per 100-lb. bag, \$4.00; per ton of 2,000 lbs., \$65.00.

HENDERSON'S GARDEN FERTILIZER.

Easily applied by sprinkling over the surface of the soil and raking in. Two or three additional applications, at intervals, will produce magnificent results. A 10-lb. package is sufficient for a space 15x20 ft. for one application, or 1,000 to 1,500 lbs. per acre. Instructions on each package.

Price, 5-lb. package, 40c.; (*mail weight 6 lbs.*) 10-lb. package 70c.; (*mail weight 11 lbs.*) 25 lb-bag, \$1.40; 50-lb. bag, \$2.50; 100-lb. bag, \$4.00.

HENDERSON'S HOUSE PLANT FERTILIZER

A safe, clean and high-grade fertilizer, free from disagreeable odor, prepared especially for feeding plants grown in pots. Detailed directions on each package.

Price, 12-oz. package, sufficient for 25 ordinary-sized plants for one year, 25c. (*mail weight 1 lb.*)

PURE ANIMAL MANURES

Quantity Required. For garden and field crops, 1 to 2 tons per acre—½ before plowing, the balance before harrowing. For top-dressing, use 1 ton per acre in fall or early spring.

Sheep Manure Pulverized. Price, 50-lb. bag, \$2.25; 100-lb. bag, \$4.00; in packages of 2 lbs., 20c. (*mail weight 3 lbs.*); 5 lbs., 35c.; (*mail weight 6 lbs.*) 10 lbs., 60c.

Cattle Manure Dried. \$3.00 per 100-lb. bag; \$55.00 per ton.

Ashes, Canada Hard Wood. Indispensable for all crops requiring potash; very beneficial for garden and field crops, grass lands and lawns. Apply 1 to 2 tons per acre.

Price, per 100-lb. bag, \$2.50; per bbl. of about 200 lbs., \$4.50.

HYDRATED LIME. Price, 100-lb. bag, \$2.25.

GROUND LIME STONE FLOUR. Price, 100-lb. bag, \$1.50.

THE "HENDERSON'S" LAWN ENRICHER

The Henderson Lawn Enricher is clean and odorless. It should be sown broadcast in the spring or fall.

Quantity Required. For a new lawn a 10-pound package is sufficient for an area of 300 square feet or 1,000 to 1,500 pounds per acre, or half quantity for renovating an old lawn. Apply if possible just before rain. If applied during the summer use half the quantity, and water in thoroughly with a hose.

ARCADIAN SULPHATE OF AMMONIA. The most concentrated nitrogenous top-dressing on the market. Ammonia 25 ¼% guaranteed. Nitrogen in a form quickly available but not readily leached from the soil. Arcadian excels in mechanical condition. It is fine and dry, and easily spread by hand or by drill. The crop producing power of the ammonia is equal to that of any fertilizer. Arcadian is the fertilizer for your orchard, for top-dressing meadows and grain, and for your truck crops. A "Made in America" product; it is "The Great American Ammonium." Write for pamphlets giving directions for different crops in detail. Price, 5 lb. package, 70c.; 10 lb. package, \$1.25; 25 lb. bag, \$2.00; 50 lb. bag, \$3.50; 100 lb. bag, \$6.00.

THE “HENDERSON” LAWN GRASS SEED.

PRODUCES ENDURING TURF THAT WITHSTANDS SUMMER DROUGHTS.

When sown in the Fall, the best time being the latter part of August or the early part of September the benefits of a warm soil copious rainfall and lessening temperature are to be had. These conditions insure a better germination a higher percentage of the survival of the grasses which start into growth, and a stronger and healthier growth because of these conditions the crop of weeds which always appears in freshly cultivated land will be lighter.

The “Henderson” Lawn Grass Seed is composed of fine-leaved dwarf Grasses, which produce closely interwoven, deep elastic turf that maintains from year to year lawns of enduring green. This continuous covering of verdure is obtained by including in the mixture Grasses which arrive at their best during the different months of the year, one variety constantly succeeding another. It is impossible to make an enduring lawn by sowing seeds of a single variety which will only grow vigorously during a portion of the year. Kentucky Blue Grass, for instance—which is sometimes recommended for lawns—grows but sparsely during midsummer, besides losing color during hot weather, when it becomes a pale yellowish green. The smooth and velvety sward produced by The “Henderson” Lawn Grass Seed remains at all times a dark green, rich and luxuriant.

The “Henderson” Lawn Grass is in reality as cheap as any other, notwithstanding its superior quality. For while many mixtures on the market weigh only 14 lbs. to the bushel, The “Henderson” Lawn Grass Seed weighs 20 lbs. per measured bushel, being entirely free from chaff and other foreign matter. (See engraving.) Full instructions in every bag and package.

Prices, 30c. quart, \$1.00 for 4 quarts, \$1.75 peck, \$6.00 bushel of 20 lbs.

HENDERSON'S SUPERIOR SEEDS

Famous the World Over for Three-Quarters of a Century

We Make a Specialty of Select Strains for Market Gardeners and Truck Farmers

Seeds are offered by competitors as Henderson's Snowball Cauliflower, Henderson's Succession and Henderson's Charles-ton Wakefield Cabbage, Henderson's Big Boston Lettuce, Henderson's Easy Blanching Celery, Henderson's White Spine Cucumber, Henderson's Ponderosa Tomato and other varieties of vegetables introduced by us. The name of "Henderson" preceding the varietal name would indicate that the stock is ours; but such is not the case, as WE DO NOT SELL TO DEALERS.

Upwards of 20 years ago we made a new departure in our business policy, and discontinued selling to dealers to sell

again. This drastic step was taken because we had become convinced that such a measure was necessary in the interests of our customers, especially of those who made their living by growing for the market. Our long experience as market gardeners and florists impressed upon us the fact that quality should be supreme, that price was secondary. The jobber in seeds naturally considers price as paramount, hence there is a dangerous tendency to sacrifice quality by cheapening production.

If you want our seeds the only way to get them is to send the order direct to Peter Henderson & Co. and get the seeds in our own bags, with our own label on them.

A FEW LETTERS SELECTED FROM THOUSANDS PRAISING OUR SEEDS

"The Henderson White Spine Cucumber produced 391 crates of fancy cucumbers. These were obtained from 19 rows not quite half an acre long. They sold for \$951.17." J. E. Hayes, Webster, Fla.

"I had excellent results from your Ruta Baga seed last season. Many of them weighing as high as sixteen pounds."

John H. Reid, Ringville, Mass.

"I certainly had a success with the Henderson's Palmetto Asparagus seed which I obtained from you. I have raised some of the largest Asparagus I have ever seen."

Aug. Kemmeires
Crene Coleur, Mo.

"I have been a 'regular' with your house for 22 years and hope to continue for many more."

C. B. Squire
Camsondale, Conn.

"Have been a customer of the house of Peter Henderson & Co. for 53 years and have always gotten seeds true to name."

George L. Stabler
Bethesda, Md.

Field of the
"Henderson White
Spine Cucumber"
grown by J. E. Hayes,
Webster, Fla.

"I planted one acre last year of your Snowball Cauliflower seed. They were fine. Some heads weighed 8 pounds." T. Hanson, Hamel, Minn.

"Have had great success with your seeds. I got first prize for the vegetables grown from your seeds at the Farmers Association Tri-County Fair."

GEO. L. NANCE, New Albany, Ind.

"Please send the enclosed order. Check for same enclosed. Yours for the best seeds on earth."

Clark Bros. Produce Co.
Morgan, Utah.

"I now write to you to let you know that your Henderson's Easy Blanching Celery was something wonderful. I think I will raise all Easy Blanching Celery next year."

John Munger, Denver, Colo.

"The Celery I raised from your seed last year was so far above the average in size and quality that it attracted much attention. You will no doubt get other orders from this point."

Chas. W. Brigham,
Decatur, Mich.

Enclosed is a photo of my men loading up a car with cabbage grown from Henderson's strain of Danish Ball Head or Holland Cabbage. From 2 lbs. we got a yield of 90 tons of the finest cabbage ever seen in this country.
